Commenting on the Company’s performance for Q1FY21, Mr. Rahul Gupta, Chairman, Apollo TriCoat said,

“Apollo Tricoat Tubes Ltd created its dominant leadership in product categories where it launched 5 brands since Q1FY20. These innovative products were successfully launched and well accepted in the markets. The Q1FY21 performance was impacted due to disruption from COVID-19 and consequential lockdown restrictions. The month of April 2020 was almost a total closure impacting revenue & EBITDA for the quarter with strong recovery in May & June.

I am proud of the way Team Tricoat has executed a strong business continuity plan focused on Health, Cost and Cash. The company has resumed its operations with strict health and safety protocols. With our continuous focus on working capital and cost efficiencies, I am confident that the company will emerge stronger from this situation.”
